

# NuView Professional Services

Ignite Technologies and Hive Tech HR

Ignite Technologies and Hive Tech HR partner to deliver superior professional services, best practices and innovation to our customers. Hive Tech HR is the market leader in hands-on strategic HRIS consulting.

## Hive Tech HR Offers Clients a Trusted and Experienced Voice

As the social leader among HRIS Advisory Firms, Hive Tech HR provides services across an entire spectrum of HR Technologies including Core HR, Benefits, Compensation, Talent Acquisition, Talent and Performance Management, Payroll and Training.

Hive Tech HR understands that your organization is evolving. They understand that workforce management is about more than software. It's about improving productivity, streamlining processes, containing costs, assuring compliance, changing behavior, and delivering a clear, measurable return on investment. Hive Tech HR consultants are at the center of the HR technology industry. They help our clients maximize the benefits while minimizing the risk associated with their workforce management initiatives.

# Maximize Your Ignite NuView System

Hive Tech HR realizes the importance of safeguarding the investment you made in Ignite's NuView solution. They also understand that you may see opportunities to get even more out of your purchase. Hive Tech HR offers two targeted services that bring system stability, maximize ROI and expand user experience.

## Hive Tech Phase Next

Hive Tech Phase Next provides you with the resources, tools and processes for immediate success. It focuses on removing points of failure, ultimately minimizing risk.

*Hive Tech **Phase Next** provides:*

- ✓ Certified consultants with expertise in all functional areas
- ✓ Cyclical and on-demand talent, instead of you having to hire full time staff
- ✓ A holistic testing strategy, plan, test scripts, and test execution
- ✓ Upgrade and new feature management
- ✓ Expertise to fill in knowledge gaps and gaps in product utilization of your HR systems
- ✓ Provide and review recommendations by module based on your specific business needs

The outcome of Hive Tech *Phase Next* is both peace of mind and the ability to focus on what really matters in both your organization and in what you'd hope to achieve with Ignite's NuView application.

## Hive Tech Phase Now

Think of an implementation as a series of checkboxes for modules, functionality, integrations, etc. How many of those were unchecked in a rush to get to the finish line? Hive Tech HR begins with a joint planning session with your team to help gain a comprehensive understanding of your business objectives while also listening to your challenges or obstacles.

*Hive Tech **Phase Now** includes:*

- ✓ A strategic roadmap plan with a vision/plan for long term success
- ✓ Rollout of additional modules, integrations, etc.
- ✓ Business Process assessment, recommendations for best practices
- ✓ Integration review and automation of manual processes
- ✓ Reporting/Notifications/Dashboards
- ✓ Workforce Analytics strategy to provide insightful analytical tools
- ✓ Assessing, testing, and deploying latest product feature
