

INFER Kickstart Services

Accelerate using your new Infer predictive analytics platform

Installation and Configuration Services to Kickstart Your Predictive Lead Scoring Initiatives

All new Infer customers have the choice to implement Infer or work directly with IgniteTech Infer experts to quickly get started with delivering the value of the Infer predictive analytics platform for your organization.

Kickstart Services, which include configuration and installation of the Infer platform, are delivered by IgniteTech's global Professional Services organization.

Customers choose Infer Kickstart Services to:

- Optimize the Platform: Ensure alignment to specific goals and full platform functionality available to users
- Accelerate Time-to-Value: Speed up installation for fastest time to platform use
- Limit resource requirements: Lessen or entirely eliminate added configuration and installation work from already stretched staff who are not yet Infer experts
